

2025 BUGBEE SUMMER GAMES

Ladder Toss

August 29, 2025 11AM

Venue: Lyman Point Park

Rules

Teams of two will play against each other to be the first to score 21.

- 1. Two ladders are placed 10 feet apart**
- 2. Each ladder has three rungs, with different point values**
 - a. Top rung is 3 points**
 - b. Middle rung is 2 points**
 - c. Bottom rung is 1 point**
- 3. Flip a coin to determine which team goes first.**
- 4. Teams of two take turns throwing their three bolas at the opposite ladder.**
- 5. Players should not step over the foul line during a throw.**
- 6. Bolas are tossed individually and can be thrown underhand or overhand.**
- 7. Points are scored when a bola wraps around a rung.**
- 8. Only bolas that remain on the ladder at the end of the round count towards scoring.**
- 9. Knocked-off bolas do not count.**
- 10. Scores are tallied once all of the bolas have been thrown, and the team with the most points is given first throw in the following round.**
- 11. Bonus points (3) are awarded for landing all three bolas on the same rung.**
- 12. The first player or team to reach exactly 21 points wins.**
- 13. If a player goes over 21 points, their score for that round does not count. For example, if a player has 19 points and scores six in a round, their points are nullified and they begin the next round at 19 again.**
